

I am an XM Satellite Radio listener, and I oppose efforts to silence XM Radio's services and programs. I pay for the XM programming, and I find the local traffic and weather broadcasts to be very helpful on a daily basis. It should not be up to the National Association of Broadcasters to dictate what I should be able to listen to on my radio.

I urge the FCC to reject the NAB's petition 04-160, because I believe it to be counter to the public's interests.
